

# Viral Decontamination for Industrial Facilities

## Prevent COVID-19 and Other Viral Outbreaks

Do your contracts with industrial facilities mandate disinfection prior to the start of your work? Rely on Alliance Environmental Group, an F.W. Webb Company, to provide COVID-19 cleaning and disinfecting services. Our experienced team is available 24/7 to disinfect your boiler rooms, lay down areas, and communal areas.

We provide immediate response and work with mechanical contractors across the Northeast: CT, MA, ME, NH, NJ, NY, PA, RI, VT

## Leave No Surface Untouched

We use an electrostatic spraying mist to prevent and stop the spread of COVID-19.

- Contains EPA-registered disinfectant hypochlorous acid (HOCl)
- At the appropriate concentration, HOCl has a 1-minute kill claim for COVID-19
- Covers all surfaces, ceilings, walls, etc.
- Process generally takes less than a day

## Trust Us for Your Disinfection Needs.

- Staffed by OSHA-certified scientists and engineers
- Competitively priced weekend and holiday services
- Proven track record of success with facilities across the Northeast

24-HOUR  
EMERGENCY RESPONSE

 833-918-1882

**Alliance Environmental Group** provides a wide range of environmental testing, remediation and engineering consulting services. Engineering and scientific experts from Alliance work closely with federal, municipal, institutional, industrial and commercial customers. Our comprehensive list of professional services covers all your environmental and engineering needs. This includes assessments, facility management, regulatory compliance, permitting, auditing and more. Helping clients since 2001, Alliance Environmental Group joined the F.W. Webb Company in 2016. Alliance is committed to addressing your needs efficiently and cost-effectively.
