

Viral Decontamination for Schools and Colleges

Prevent COVID-19 and Other Viral Outbreaks

Rely on Alliance Environmental Group, an F.W. Webb Company, to provide COVID-19 cleaning and disinfecting services. Our experienced team is available 24/7 to disinfect your facilities and help you reopen with confidence.

We provide immediate response and work with schools and institutions located across the Northeast: CT, MA, ME, NH, NJ, NY, PA, RI, VT

Leave No Surface Untouched

We use an electrostatic spraying mist to prevent and stop the spread of COVID-19.

- Contains EPA-registered disinfectant hypochlorous acid (HOCl)
- At the appropriate concentration, HOCl has a 1-minute kill claim for COVID-19
- Covers all surfaces and critical touch points
- Process generally takes a couple of hours

Trust Us for Your Disinfection Needs

- Staffed by OSHA-certified scientists and engineers
- Competitively priced weekend and holiday services
- Electrostatic spraying technology certified safe by NSF International (previously the National Sanitation Foundation), a leading public health and safety organization
